

# Biblical Studies Reading List

*Students are expected to watch all films in their entirety, even if they have seen them previous to enrollment. All audio material is to be heard in full as well. For the reading material, students are expected to employ reading strategies in order to move through the material at a good pace and in a way that does not overwhelm with information. Students will receive instruction concerning reading strategies. Material to be read in full will be designated as such in the curriculum, and reading selections or excerpts will be clearly marked in the curriculum.*
